(I) The Sanjivani Bagayatdar Sahakari Sanstha Ltd., was registered on 30-4-1968 as a Resource society with Goa District as its area of operation. The society was reorganised mainly with the object of extending S. T. M. T. loans to needy bigger cultivators for sugarcane and bagayati crops (Horticultural crops), distribution of fertilizer in Goa District, operation of irrigation schemes established by Government, guide the beneficiaries covered under the irrigation schemes towards sugarcane cultivation, processing of agriculture produce and its marketing, cultivation of Government waste lands under food and commercial crops and establishment of seed farms for paddy, pine-apple, sugarcane and coconut seedlings.

(II) The society carried out the objectives of extending loans, sale of fertilisers against the kind component of loans extended to the farmers till December 1970. The society entered into the processing line by establishing a jaggery manufacturing unit in Satari taluka and thereafter a modern jaggery plant at Piliem Darbandora. The jaggery manufacturing activities however proved to be a losing proposition. The classification of the society was also changed from the "Resource society" to the "Agricultural Processing Society" vide this office memo No. PRD/(a)/3-Goa dated 28th December 1970, since the society started jaggery manufacturing activities.

(III) The Sanjivani Sahakari Sakhar Karkhana Ltd., was established on 15th August 1970. It went into production in the year 1973-74. With the sugar factory going into production, the cane produced in the area of operation of the Sugar Factory got diverted for sugar production and the jaggery plant of Sanjivani Bagayatdar Sahakari Sanstha Ltd., became idle. The Bagayatdar Society sold this plant to two agencies for the total value of Rs. 2.53 lakhs.

(IV) In the year 1974-75 the Sanjivani Bagayatdar Sahakari Sanstha Ltd., with the collaboration of Shaw Wallace & Co. started production of fertiliser mixture at Sancoale Industrial Estate. This hand mixed fertiliser was supplied to the loanee against the kind component of Agricultural short term loan. This activity continued in the years 1974-75

and 1975-76 when there was acute shortage of fertilisers in this Territory. But when the granulated fertiliser mixtures of indigenous manufacturing companies were readily available the members declined to receive the hand mixed fertiliser of the society and therefore, the fertiliser mixing activity and its sale came to a stand still.

(V) Since year 1976-77 the activities of the society have remained confined only to disbursement of S. T. and M. T. loans to its members mainly towards the sugarcane cultivation and no activities of agricultural processing are carried out.

The present working of the society is not different from that of Primary Agricultural Credit or multipurpose service cooperative societies.

(VI) In the "Pradhan Committee" report on the reorganisation of Primary Agril. Credit societies in the command area of Sanjivani Sahakari Sakhar Karkhana Ltd., it has been suggested for taking suitable steps for transfer of loan business of Sanjivani Bagayatdar Sahakari Sanstha Ltd., to the respective lead society or reorganised societies with commencement of trial production season of the sugar factory.

(VII) The village level primary agricultural credit societies in Pernem and Canacona Talukas have been reorganised into a single taluka level farmers' service cooperative societies for providing integrated credit and allied facilities.

The primary agril. credit societies in the areas of Bicholim, Sanguem, Quepem have been reorganised and the existing societies in the same talukas and other talukas are capable of taking activities of Agricultural loaning.

(VIII) Since the Sanjivani Bagayatdar Sahakari Sanstha Ltd., has been acting only as the credit extending society and ceased to work as agricultural processing society and the sugar factory going into production has helped to establish a cycle for linking of credit with marketing of agricultural produce and recovery of credit from the farmers, it is felt that in the interest of the cooperative movement particularly in respect of resource societies that separate existence of Sanjivani Bagayatdar Sahakari Sanstha Ltd., as agricultural processing society carrying out the duties of resource society is not necessary and the activities of the loaning should go to the concerned resource societies.

(IX) Since the continuation of the Sanjivani Bagayatdar Sahakari Sanstha Ltd., was felt unnecessary and in order to avoid duplication of the activities of loaning being carried out by this society alongwith resource societies, it is proposed to divide and amalgamate with the resource societies. With this end in view the comments/objection of the Apex Financing Agency viz. The Goa State Coop. Bank Ltd., Panaji were sought vide letter cited at Sr. No. (5) above. The Bank has agreed with the action of division and amalgamation of Sanjivani Bagayatdar Sahakari Sanstha vide letter No. Govt./RCS/3216 dated 3rd July, 1976 and opined for further action as deemed fit.

(X) The draft scheme of division and amalgamation of Sanjivani Bagayatdar Sahakari Sanstha Ltd., was sent to the societies in terms of sub-section (1) of section 17(A) of the Maharashtra Coop. Societies Act 1960 as applied to the Union Territory of Goa, Daman and Diu read with Rule 14-A(1) of the Cooperative Societies Rules, 1962, for seeking comments/suggestions vide this office letter at Sr. No. (6). The Sanjivani Bagayatdar Sahakari Sanstha Ltd., discussed the issue of its division and amalgamation in the special general body meeting held on 10-8-1978. As per the proceedings sent by the society and cited at Sr. No. (9) above. The following objections have been raised in the said meeting.

(a) When the reorganisation of the societies in the command area of the sugar factory was to be done by December 1973 as proposed under the "Pradhan Committee Report" why it was not done and why the programme has been delayed for so long period. Whether the reorganisation programme has been done in accordance to the said report and whether the reorganisation of all the societies has been completed. Whether the sugarcane production has been increasing.

In the report it has no where been suggested that the existence of the Sanjivani Bagayatdar society be removed. It has only be suggested that the loan from this society be gradually transferred to the village level societies and the society run the jaggery plant on proper lines.

(b) The provision of the law under section 17A(1) requires the Registrar to satisfy that it is essential in the public interest, or in the interest of the cooperative movement or

for the purpose of securing the proper management any society that the two or more societies should be amalgamated or any society should be divided. Therefore, out of the three matters on what matter the proposed division and amalgamation is based.

(c) The members have invested money in this society for seeking the benefit and not for benefiting others. It does not mean that the department has to act in any way.

(d) The society gained profit of Rs. 86,621-12 till 1976-77 and in the year 1977-78 it has gained further profit of Rs. 82,369-62, thus the total profit is Rs. 1,69,060-74 and under such a position and when there is likelihood of getting dividend by members and when the share capital is intact there is possibility of diminishing the value of shares from Rs. 10/- to Rs. 1/- if the society is merged with other societies.

(e) The members are not interested in closure of the society and if the department is interested in closure of the society than the share capital contribution from members be refunded and the members are prepared to refund the loan. However the members are against the society's division and amalgamation.

(f) Closure of the society, means it is encroachment on the basic rights of the members and therefore, the registrar cannot act without the consent of the members. The members are free to decide as to where their share contribution should be.

(g) The order for division and amalgamation has been issued without taking into consideration the position of the employees who have served in the society for last 7 to 8 years. Neither the responsibility of employees has been passed on any other societies nor accepted by Government and how it is proper that the employees should be paid as per law and their services be dispensed with.

(h) When the Pradhan Committee has suggested for Sanjivani Bagayatdar Society Ltd., of taking up processing activities (Jaggery project) instead of loaning why nothing was done in the last five years and how suddenly the action for closure of the society is decided now in 1978.

(i) What is the difference in the Sanjivani Bagayatdar Sahakari Sanstha Ltd., and other primary agril. credit societies.

(XI) Shri J. A. Rane in his letter dated 11-9-1978 has stated that he has been taking the crop loan from 1971 and has been regularly repaying the same. In case the Sanjivani Bagayatdar Sahakari Sanstha is divided and amalgamated with Kasarpal Group V. K. S. S. Society Ltd., the loan and overdue loans will get transferred to the later society which will cause delay in receipt of credit by him. Moreover the value of the shares held by him in Bagayatdar Sanstha will be reduced when merged with Kasarpal society. There will be general loss to the members and who shall be responsible for the same has not been explained.

He has requested to keep the division and amalgamation in abeyance. He has stated that he reserves his right to appeal in appropriate court and in case the further action as per draft order is taken than his share contribution in the society he refunded or adjusted to his loan account and after adjustment of share to loan account whatever dues are payable to the society a period of three months be granted for payment of remaining amount.

(XII) Shri K. P. Dessai in his letter dated 4th September 1978 has raised the following issue.

a) He is not a resident of Bati where his sugarcane cultivation is located and the Bati V. K. S. S. Society Ltd., will not admit him as its member. As he will not be admitted as member he shall be deprived of loan facilities from this society.

b) There is no V. K. S. S. Society in the municipal limit of Margao Municipality to which he could approach for the membership and even if such society exists it would also not advance loan for his agricultural land outside the area of operation.

c) The Sanjivani Bagayatdar Sahakari society is aware of his financial standings and repayment capacity and as such he does not find it difficult to get through his loan proposals as the verification of legal title of documents etc., have been already conducted and if he has to approach a new society all the formalities will cost him again in addition to consuming his valuable time. He therefore, strongly opposes to the draft order for division and amalgamation and requests to suspend the action without hesitation.

He further requests without prejudice to his right for an appeal, that in case further action to implement the order for amalgamation of Sanjivani Bagayatdar Society Ltd., with other societies is taken then his share amount may be returned or adjusted towards his loan. He may be intimated with two months notice about the debit balance to his loan account after the share adjustment to clear the same.

XIII) The Vice-Chairman of the Darbandora V.K.S.S. Society Ltd., as per the management's decision has communicated that the society will be giving all types of loan to its members. Therefore, the society agrees to division and amalgamation of Sanjivani Bagayatdar Sahakari Sanstha Ltd.

XIV) The Kasarpal Group V.K.S.S. Society Ltd., under its letter dated 4-9-1978 has raised the following objections.

a) The Kasarpal Group V.K.S.S. Society Ltd., has not been registered as Primary Agril. Credit Coop. Society and therefore, based on the draft order of division and amalgamation, the amalgamation of Bagayatdar society with the Kasarpal society cannot take place.

b) The members of the Sanjivani Bagayatdar Sanstha are taking more loans and it is reported that the chances of overdues of loan are also more. There are already overdues of Rs. 1.00 to Rs. 1.25 lakhs of the loan disbursed by Sanjivani Bagayatdar Society to the members coming in the area of Kasarpal Group V.K.S.S. Society Ltd., and the legal action against the defaulters have already been channelised.

c) The Kasarpal Group V.K.S.S. Society Ltd., is extending loan maximum upto Rs. 1.00 lakh to 1.50 lakh and if the Sanjivani Bagayatdar Sahakari Sanstha Ltd., is amalgamated with our society then the defaulter members will become the members of our society and our society which is classified as 'A' class society will become 'D' class society and it may be required to be taken into liquidation and the responsibility will be casted on the management.

d) If the affairs of the Kasarpal Group V.K.S.S. Society Ltd., are required to be wound up on the aforesaid reasons then from which society the poor farmers will be required to take loan or whether they should approach the nationalised Bank may be clarified.

e) The members of our society are aware about the activities which are in their interest rather than the department being aware of the same and hence the society may not be entangled in the affairs of the Sanjivani Bagayatdar Sahakari Sanstha Ltd. In case it has been decided to wound up the affairs of Sanjivani Bagayatdar society then that society may be totally merged in our society and we shall take due care for proper working of the amalgamated society.

XV) The Rivona V.K.S.S. Society Ltd., Rivona vide letter dated 12-9-1978 requested to provide to it the details regarding how many members from its area are taking loan and the quantum of loan taken by them from the Sanjivani Bagayatdar Sahakari Sanstha Ltd.

XVI) The objections put forth as stated under (X), (XI), (XII), (XIV), (XV) have no locus standi in view of the facts mentioned below:—

a) The reorganisation of the societies is a national policy requiring a certain procedure to be followed. The sugar factory went into production in 1973-74 after December, 1973 and unless a proper cycle of extension of loan and its recovery through sale of cane to factory was established it was improper to decide for diversion of loan activities to the reorganised or lead societies. Since better cycle for loan recovery has now been established and as the lead and reorganised societies have come into existence the division and amalgamation is essential.

b) It is true that in the report of "Pradhan Committee" it has been recommended that the Sanjivani Bagayatdar Sahakari Sanstha Ltd., will have to play a vital role as processing society for running of the jaggery factory instead of processing cum service society from early January 1974. But when the Sanjivani Bagayatdar Sahakari Sanstha disposed of jaggery plant alongwith the building immediately when the Sugar Factory went into operation, the say of the General Body that the society will run Jaggery Plant as per suggestions of Pradhan Committee is meaningless.

Moreover when the Government vide order No. RDD/Coop/Sugarcane/Control/170/73/2275 dated 17-4-1976, issues in terms of clause (6) of sugarcane (control) Order, 1966 had declared the Goa District as "Reserved Area" for the purpose of supplying of sugarcane production to the Sugar Factory for manufacture of sugar and also has directed that no

jaggery or khandsari sugar or sugar shall be manufactured from sugarcane in the reserved area, the very existence of Sanjivani Bagayatdar Sahakari Sanstha Ltd., is futile.

c) The "Pradhan Committee" has recommended for transfer of loan business of the Sanjivani Bagayatdar Sahakari Sanstha Ltd., to the respective lead or reorganised societies. The transfer of loan business means no loan is to be disbursed through the Sanjivani Bagayatdar Sahakari Sanstha Ltd., the loan has to be released to the cane cultivators or for other crop production purposes through the respective primary agril. credit societies in whose area the cane cultivation or bagayati crop cultivation falls. Mere discontinuance of loaning through Bagayatdar Society without taking into consideration the relation of share linkage of the loanee members would put the members in difficulty because the member loanee while availing credit from the respective Primary agril. credit society would be required to subscribe to the share capital at 1/10th or 1/20th of the borrowings the loanee member to contribute further to the share capital of primary agril. credit societies the loan liabilities, as well as share capital contribution of each of the member are to be transferred to concerned primary agril. credit society under this scheme of division and amalgamation of Sanjivani Bagayatdar Sahakari Sanstha.

There is another remedy under the cooperative societies Act for allowing the members of the Sanjivani Bagayatdar Sanstha Ltd., to approach their respective village primary cooperative societies for loan and that is to take the said society into liquidation, as it has ceased to function as the Agricultural Processing Society. But the process of liquidation involved considerable time i.e. seven years for finalisation of the liquidation proceedings and till then the shares amount of the members will get blocked with the said society and moreover the members will have to clear their loan dues first. Therefore, to avoid the loss to the members and also to keep them away from the inconvenience, the steps of the division and amalgamation of the society is proposed.

d) The Sanjivani Bagayatdar Sahakari Sanstha Ltd., in terms of its classification, had to do processing of agril. produce of its members. The society discontinued the processing activity and started dealing only in agril. loaning and thus deproved the village level societies from its loaning business, thereby causing effect on their economic viability. After the sugar factory going into production the cycle of loaning and its recovery with the production and marketing has been established. Therefore, whether it is a small or marginal farmer and bigger farmer the problem of recovery of credit has been solved. The Sanjivani Bagayatdar Sahakari Sanstha Ltd., is dependent on the sugar factory for getting the certification of cane cultivation of loanee members for deciding the loaning. This also can be done by the Primary Agril. Coop. Credit Societies and hence in the interest of the cooperative movement of this territory in general and the Primary Agril. Coop. Societies in particular which are the base level cooperatives in the cooperative structure the division and amalgamation of Sanjivani Bagayatdar Sahakari Sanstha into lead or reorganised primary agril. societies is very necessary. After division and amalgamation the loaning through primary agril. credit societies will lead to effective utilisation of loan for specific purpose and will lead to increase in the production.

e) The production of sugar cane in the area of operation of the sugar factory has been definitely increasing which is very clear from the fact that the factory has received 55000 tonnes of cane in 1977-78 as against 13532 tonnes in the 1973-74 (trial season) or 31227 tonnes in the first season 1974-75 from the Goa District for crushing.

f) As regards the matter of gaining profit and accumulated profit as on 30-6-1978 by the Bagayatdar Society the same is subject to audit. The profit as per proforma balance sheet has been taken into account for the scheme of division and amalgamation.

g) Under the law no member can claim for set off of his share against his liabilities unless he discharges all his liabilities with the Society.

h) The fear expressed by the Kasarpal Group V.K.S.S. Society Ltd., about transfer of debts causing effect on the working of the society has no meaning. The clause No. 19 of the scheme of division and amalgamation clearly states that all the proceedings already initiated by or against the Sanjivani Bagayatdar Sahakari Sanstha Ltd., or expected to be initiated by or against it on account of the acts already done e.g. loans raised and disbursed etc., shall continue or be initiated in the name of the concerned primary agril. credit society. The say of the Kasarpal V.K.S.S.

Society Ltd., in respect of overdue loans by the members of the Sanjivani Bagayatdar Society in its area of operation is not correct. The factual position is that an amount of Rs. 95,942/- is outstanding and Rs. 28,045/- is overdue. It appears that these overdue amounts are due to improper supervision over the utilisation. The division and amalgamation will help for proper utilisation of loans.

The say of the Kasarpal Society that it has not been registered as Primary Agril. Credit Cooperative society does not hold good because in terms of the provision of sub-section (1) of section 12 of the Maharashtra Coop. Societies Act, 1960 as applied to the Union Territory of Goa, Daman and Diu and Rule of the Cooperative Societies Rules, 1962, the Kasarpal Group V.K.S.S. Society Ltd., has been classified as resource society, sub class "Service Resource Society" which covers service cooperative and multipurpose cooperative societies.

i) The say of Shri J. A. Rane that he will not get the loan from Kasarpal Group V.K.S.S. Society Ltd., due to division and amalgamation of Bagayatdar society is totally baseless. The Kasarpal Group V.K.S.S. Society Ltd., has sufficient unavailed borrowing capacity which is able to take due care of the loan demands of non-defaulter members.

The say of Shri J. A. Rane that his share value on transfer with Kasarpal society will be reduced is not correct because as per the audited balance sheet as on 30-6-1978 the society is in profit and the face value of the share is intact.

j) The say of Shri K. P. Desai that the society in whose area of operation the land under sugarcane is situated will not admit him as member since he is not a resident of a particular village is not correct because the society is more concerned about the situation of land and the cultivation thereon. The doubt raised about the credit dealings and verification of documents will not cause any problem since the repayment of earlier loan and the certification by sugar factory about area under sugar cultivation will qualify the member to seek the fresh loan.

k) The details called by the Rivona V.K.S.S. Society Ltd., regarding the loan being taken by the member of Sanjivani Bagayatdar Sahakari Sanstha Ltd., from the area of operation of the said society are being provided. However with the division and amalgamation the society is going to secure more loaning business.

l) The say of the Mahalaxmi V.K.S.S. Society Ltd., Netravali that transfer of loan business of the members of the Sanjivani Bagayatdar Sahakari Sanstha Ltd., to it will make the society inefficient and because of the overdues the eligibility of the society to borrow loans from the Bank will be reduced is not correct. In fact the division and amalgamation will help in improving the financial position of the society and it will become more viable as the overall business viz. loaning, sale of agril. requisites and other related activities definitely will be increased.

XVII) In view of the position explained above and having satisfied that the division and amalgamation of Sanjivani Bagayatdar Sahakari Sanstha Ltd., Panaji is in the interest of the cooperative movement the following order is passed:
